

welcome to fable

at fable, every cocktail tells a story. our menu is inspired by lore, where each signature drink is crafted with precision, creativity, and a touch of the extraordinary. we believe in the art of mixology, where we combine technique, flavour, and presentation to create an experience beyond the ordinary.

our eight signature cocktails follow a journey of complexity, starting from number one, the most approachable, to number eight, the most intricate. whether you seek something simple or a challenge for the senses, there's a story waiting for you in every glass.

house notes

- many of our cocktails begin their journey long before they reach your glass and are crafted over 24 to 72 hours with care and passion.
- restrooms are upstairs, consider it a mini adventure before your next drink.
- a discretionary 12% service charge is added to each bill because great service (and a little magic) deserve appreciation.
- our cocktails come with unique elements. please admire them, but leave them for the next adventurer.
- be mindful of your surroundings. whether it's fellow guests, glassware, or the mood we've carefully curated, respect goes a long way.
- no outside food or drinks. our bar is well-stocked and our chefs have got you covered.
- have fun, be kind, and drink responsibly. the best stories are the ones you remember.
